

PRESS RELEASE

Certified Aviation Services Completes MD11 Part-Out and Teardown

Ontario, California May 22, 2017 -- Certified Aviation Services, LLC (CAS) is pleased to announce the completion of a part-out and teardown of an MD11 in Asia. The team removed 400 high value line items for their customer. CAS Go-Team was responsible for the teardown of the aircraft and CAS Components was responsible for the tagging and packaging. The items were shipped to the component repair shop located in Fairhope, Alabama for disposition. CAS utilized the Aircraft Fleet Recycling Association (AFRA) Best Management Practice (BMP) guide 3.2, to complete the disassembly and recycling of the aircraft. The combination of both teams allowed CAS to provide the most effective and efficient full service for its customer.

About Certified Aviation Services:

CAS (Certified Aviation Services) is a leading provider of MRO services for fleet operators around the world. Throughout our nationwide network, CAS offers a wide range of aircraft and component repair services that provide our customers innovative, cost-effective solutions when and where they need it.
