

PRESS RELEASE

CAS Purchases a Portable Aircraft Maintenance Hangar

Ontario, CA January 22nd, 2018-- Certified Aviation Services, LLC (CAS), is pleased to announce

it has purchased an additional portable aircraft hangar. With this addition, CAS now has a total of 73,700 square feet of structure, giving CAS the ability to provide multiple structures for on-going AOG projects. CAS is one of the only MROs with the ability to repair the customers' aircraft remotely anywhere in the world.

Michael Turpin, Managing Director of CAS' Recovery, Repair & Modifications division stated, "We are excited to have

completed the purchase of the portable structure. This will give CAS the ability to pass along savings to our customers and provide a custom fit solution for them, bringing additional opportunities in 2018."

About Certified Aviation Services:

CAS (Certified Aviation Services) is a leading provider of MRO services for fleet operators around the world. Throughout our nationwide network, CAS offers a wide range of aircraft and component repair services that provide our customers innovative, cost-effective solutions when and where they need it.
